Arlon

Arlon is an efficient and modern luminaire made from die-cast, powder-coated aluminium. The light source is recessed and slightly angled, making it well-suited to lighting walkways, corridors and other similar spaces thanks to its low levels of glare. Can be dimmed using trailing edge dimming or DALI dimmer (DALI upon request). Easy installation with back plate for mounting, two cable inputs and a quick connector. Can also be used to provide uplight.

FACTS

Arlon Round

Arlon Round is a slim, stylish wall luminaire with retracted, slightly angled light source. Suitable for spaces such as walkways and corridors. Highly efficient with high lumens per Watt. Can be dimmed using trailing edge dimming or DALI dimmer (DALI upon request). Easy installation with back plate for mounting, two cable inputs and a quick connector. Made from high quality die-cast, powder-coated aluminium. Arlon Round can also be mounted on bollards.

Herning Wall

A stylishly designed classic outdoor luminaire that is equally at home in urban and more rural settings. In solid powder-coated aluminium and with a tempered glass front, it is equally suitable in domestic or public settings. The glass front conceals access to switches for 3000K/4000K and for 2 lumen levels, i.e. 4 combinations in one product. By default, it is set to 3000K and the highest lumen level. Easy installation with wall bracket and quick connector. Multiple rear surface cable inputs plus punch-out entry points.

FACTS

Metro Pro

Metro Pro is a solid outdoor luminaire for decorative and functional lighting of facades and city spaces. Available in two versions: up- and downlight or just downlight. The downlight gives a wide and powerful light. The uplight is a decorative light beam that gives a nice touch to the façade. Easy installation with loopable screwless terminal blocks and mounting back plate with quick connector to lamp. Option of either visible or concealed cabling.

Spike

2x Outlet

Very attractive wall luminaire for outdoor mounting. Comes only as a downlight with good light scattering via the efficient LED module, and a version that also has a small slit as an uplight, which makes high walls look nice. Both variants available with or without two 230 V outlet concealed behind two tip-up lids with automatic closure. If you choose the version with outlet, there is a separate terminal block for the connections. Easy mounting and option of control via integrated dimming relay makes Spike the modern choice for wall lighting.
Made of powder-coated aluminium with a 10-year corrosion warranty.

Hovden 36°

Hovden

Hovden is a premium range of garden spots for creating outdoor lighting environments. It is made of sturdy machined aluminum, powder coated and comes with 10 years corrosion warranty. Comes with a bracket that can be fixed to wall or ground, or to a ground spear. The head can be rotated 360 degrees, allowing for flexible installation. Plug and play, delivered with 2 meter outdoor cable and plug. Waterproof IP67. Phase-cut dimmable. The reflector provides 15 and 36-degree beam angle for spot or flood effects. Additional anti-glare visors are available.

Langfoss

Langfoss Mini

Langfoss

Langfoss Maxi

Langfoss is a powerful floodlight luminaire suitable for lighting large spaces, transport and storage areas, playgrounds, courts and car parks. Can also be used as facade lighting. The sloping top allows snow to slide off, and the bracket can withstand heavy loads. Asymmetrical optics send the light where it is needed, and the mounting bracket can be angled as required. Super simple installation with two-piece mounting bracket with hooks. Die-cast powder-coated aluminium with tempered glass front.

Fevik 1000/2000 & 1500/2500

Fevik is a modern LED luminaire with a slim profile and wide light dispersion, for wall mounting. During installation, the light output is selected from a choice of two levels using a dipswitch on the LED module. Fevik can be mounted as an upward light or a downward light. With the adjustable wall/corner bracket and ArmMount (accessory), Fevik can be used in most lighting situations.

Fagernes Bollard

A modern, classic bollard. A perfect match with Fagernes wall lamps. It gives a great, glare free light and is ideal for driveways, gardens and other outdoor environments. Fitted with an efficient integrated LED and is phasecut dimmable. Can be screwed directly on the surface or be cast in with an anchoring set (sold separately). It features an innovative adjustment mechanism, allowing the adjustment to be done from the top side. Fagernes bollard is also available in a version with outlet. Very handy for all things that need power in the garden. A shield plate is available as accessory, which can be clicked on to block off the light in one or more directions as desired.

Kjevik Bollard

Kjevik is a solid bollard for public spaces, paths and parks. It has a very high lumen output, with low energy consumption. The light distribution is wide and precise with all the light below the horizontal plane, therefore no light pollution in a safe and glare-free environment. Classic design blends in with all surroundings. A 180°-degree shield is available as accessory and is perfect for paths or other places where light should be restricted to a semi-circle.

Fenes

Fenes is an LED luminaire for mounting on pole or arm, suitable for sports tracks, residential areas, parking lots and similar. Features a multi-adapter which fits both poles Ø60 and arms Ø42/48 and is adjustable in steps of 5°. Fenes is ideal for replacing old 125W HQL and 70W NAV luminaires with energy saving LED technology. It is a compact and tough luminaire in die-cast aluminium and tempered glass front. It is delivered complete with 8 m cable.

Wax

Wax is a floodlight designed for many different applications. The different light distributions – spot and flood – make it an obvious choice whether it is illuminating a horizontal surface (squares, plaza, car parks, etc.) or a vertical surface (facades, monuments, architectural details). Mast and wall consoles are not included but are sold separately.
